

Newsletter

8 SEPTEMBER 2017

Dear Community,

Tomorrow Calvin holds the annual Oliebollen Festival. We invite you to attend this wonderful occasion between 10am and 2 pm.

I recall my first Oliebollen visit four years ago. It was beyond my comprehension as a school fair. It is rightly called a Festival. There is a rightful source of celebration at the heart of the day.

The humble beginnings of fundraising are still visible within the day. Those earliest endeavours in the 1950's of selling Oliebollen from roadside stalls are faintly recognised with the Oliebollen stall placed beside the pathway.

Community is on show. The desire of the school's founders was always to assimilate and connect with the local community. Tomorrow is a great symbol of the reciprocal affections of Kingborough and Calvin. The festival is the evidence of relationships over time.

I invite you into our community tomorrow.

We stand proudly on yesterday to celebrate the present and enable the future.

Iain Belot

Mr Iain Belot
PRINCIPAL

Primary

Dear Parents

We have had another great week here in the Primary School with students starting the day in line up with Mrs Woods teaching us all a great new song called 'Boom Chika Boom'.

Sporting Schools Australia - Tennis

Sporting Schools Australia is a Government initiative designed to help schools to increase children's participation in sport, and to connect them with community sporting opportunities.

This term students from Year 1 through to Year 6 will be provided with the opportunity to learn tennis from an experienced tennis coach. Each year class will be provided with two hour length workshop sessions.

Students will need to come to school in their sports uniform on the day they have their workshop. Students will be provided with the appropriate equipment

Tennis Schedule

Thursday 7 September	Thursday 14 September	Thursday 21 September	Thursday 28 September
Grade 1	Grade 1	Grade 5	Grade 5
Grade 2	Grade 2	Grade 6S	Grade 6S
Grade 3	Grade 3	Grade 6W	Grade 6W
Grade 4	Grade 4		

2018 Classes

The process of organising classes for the 2018 academic year is underway. We have limited places, so if you know your family is going to be leaving Calvin at the end of the year, or beforehand, it would be most helpful for our planning to know this information.

Soccer

This Saturday is the final game for the Soccer season for our students. Next Saturday 16th September, we will be holding a Soccer BBQ at Calvin Primary at 11am. Soccer students will be able to compete against their parents. We will celebrate the season by handing out Medallions and enjoying a BBQ with one another. I look forward to seeing you there.

I look forward to seeing you on Saturday at Oliebollen.

Warm regards,

Caleb Cooper

SMALL WONDERS PLAYGROUP

A free early years
program for children and
their parents/carers.
Thursday mornings during
school term 9:00 - 10:30 am
in the Kindergarten room.

Cybersafety is an important issue both for schools and families. It is important that parents engage and show an interest in what their children get up to with devices and that rules and restrictions around use are enforced. Below are 10 tips that may help with cybersafety at home.

Ban devices in bedrooms: Prevent your children from going to their rooms with a device. Make them use them in the lounge or kitchen and keep the charger in a central area such as the kitchen. You can also use this charging time to check texts, social media posts and emails.

Set time limits: For smaller children, this may be for up to 30 minutes a day or only on the weekends. Also decide each night to turn off devices and a time when they are allowed on again.

Create passwords: Make sure you know the passwords for all of their devices and various social media accounts. Also, follow your children's accounts so you can see what they are posting but maybe promise not to post anything on their accounts so you don't embarrass them.

Regular checks: Let them know that you'll occasionally check their texts, emails, posts, photos and settings. Explain that it's not spying, you're just teaching them to be responsible.

Get it in writing: Consider drawing up a contract between yourself and your child outlining the dos and don'ts. Include consequences for rule violations.

Teach consequences: Talk to your children regularly about the dangers of constantly accessing the internet and posting on their social pages. Tell them never to post anything they wouldn't want their parents or teachers to see.

Teach yourself: The best way to know what your children are capable of is to know how to use these devices and websites yourself.

Cyberbullying: Keep a very close eye on any evidence of cyberbullying. If you suspect something, talk to your child first. Also, take screenshots as evidence for police and school.

Limit apps: If you have an iTunes or Google Play account, keep the password private so you limit what they buy. Get them to ask permission for each app download.

Online manners: Make sure they understand the consequences if they are unpleasant to anyone online.

I'm a little teapot...

We have been learning the rhyme about a little teapot, and so on Friday afternoon Kindergarten enjoyed a tea party—with teapots (of hot chocolate) for our "tea" or "coffee", tea cups and saucers, jugs of milk and sugar bowls to complete our treat. The staff enjoyed serving the children as they sipped and chatted outside.

Luckily no one was “too steamed up and shouting” but there was a lot of chatter and excitement.

Mrs. Julie Smith
Kindergarten teacher

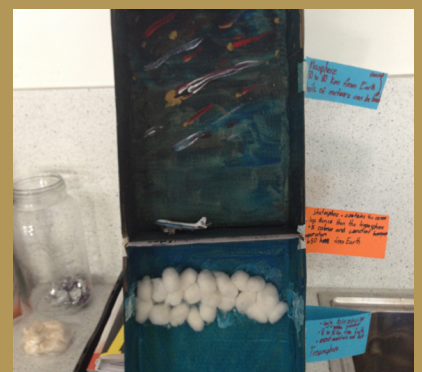

Earth and Space Science

Year 6W have been delving into the Earth & Space Sciences. We have studied the layers of the Earth, the layers of the atmosphere, different types of mountains, what causes volcanic eruptions, the Pacific Ring of Fire, Earthquakes and Tsunamis and how to measure them, Drought, Natural Disasters and the impact they have upon us. The class have thrashed words, written and researched topics, made papier-mâché volcanos and read as much as we can about major natural disasters that have happened around the world. Some of the natural disasters or volcanoes that Year 6 found of particular interest were, the destruction of Krakatoa, Indonesia, the recent activity of Mt Etna in Sicily (an active volcano), and the Beauty of Mount Fuji, Japan. Year 6 W wanted to express their knowledge of their research also within the creative arts and have produced some magnificent pieces of artwork that depict Mt Etna (water colours), Mt Fuji (coloured pencil), and also a ferocious volcano like Krakatoa (in oil pastels). Grade 6 trust you enjoy their visual art depictions

YEAR 9 TECHNOLOGY - CANOE BUILDING

The Year 9 Technology Class got together in small groups and spent nearly 4 months building and painting three canoes. They are designed to be paddled by a single person and are based on the legendary design by Mike O'Brien. The canoes are constructed from two sheets of 5mm marine ply with treated pine chines and stems. The seams were all glued with epoxy and fibreglassed and the boat then painted with Norglass Marine paint. The materials for each boat cost \$300. With the sale of the boats, the students hope to cover the cost of the materials and perhaps a little extra to help fund their final projects.

Yesterday we had a brilliant test run to float the boats at Kingston Beach. It's fair to say the boats exceeded expectations and handled beautifully. It was a fitting end to an awesome project by these students.

YEARTEN RYDA EXCURSION

On September 5, 51 Year 10 students braved the elements to attend RYDA. RYDA is run by Road Safety Education in conjunction with Rotary. All Year 10 students in Tasmania are given the opportunity to attend this Australian training course. It is designed to give young people the tools enable them to become better drivers. The following graphic from the RSE website shows the ideas behind the training:

The day was very worthwhile and all attending students were attentive and impacted by what they heard and saw.

All students came away with a booklet full of tips and strategies. It would be excellent to follow these up with your child.

Thanks to Miss Carly Bouts, Mr Nick Heyne and Mr Stuart Millar for accompanying us on the day.

Kingborough Junior Registration Day:

The Kingborough District Cricket Club, based at the Twin Ovals, competes in the Cricket Tasmania Premier League competition and is home to Australian Test Cricketer Jackson Bird, as well as several current and former Tasmanian Tigers and Tasmanian Roar players.

The season is fast approaching and we are looking for all current, former and new junior players who are looking to develop their cricket to sign up for this coming season.

Registration Day for all junior players will take place on:

Saturday 23rd September from 10am – 12pm at the Twin Ovals

The following programs will be offered for this coming season:

- **Milo in2Cricket:** A super fun, safe, social and active program for boys and girls aged 5 - 8
- **Milo T20 Blast:** A super fun, social and safe cricket program for boys and girls aged 7 – 12
- **HJL Category Two:** Skill based, modified pitch cricket for participants, ideally between 10 and 12 years
- **HJL - Category One:** Skill based, modified pitch cricket for participants, ideally between 10 and 12 years
- **HJL - Under 13 Boys**
- **HJL - Under 14 Girls**
- **HJL - Under 15 Boys**
- **HJL - Under 17 Boys**

The club will also have teams in the U15 and U17 (Boys and Girls) Cricket Tasmania Premier League (CTPL) competitions.

If you require any further information or have any questions, please don't hesitate to contact Lauren Hepburn – lauren@highperformancecricket.com.au

We look forward to seeing you at registration day.
